Public Health

PUBLIC HEALTH ACT 1997

DIRECTION UNDER SECTION 16

(Masks at Hospitals – No. 4)

I, MARK VEITCH, the Director of Public Health, in pursuance of section 16 of the *Public Health Act 1997* ("the Act"), in order to manage the threat to public health posed by the notifiable disease known as COVID-19 ("the disease"), direct that –

- (a) a person who enters, or remains on, the premises of a hospital must wear a fitted face covering while the person remains on those premises; and
- (b) paragraph (a) does not apply in respect of the following persons:
 - (i) a patient at the hospital;
 - (ii) a child who has not attained the age of 12 years;
 - (iii) a person who –
 - (A) holds a medical certificate, or other documentation by a medical practitioner, within the meaning of the *Acts Interpretation Act 1931*, that certifies that the person has a physical, or mental health, illness, condition or disability that makes the wearing of a fitted face covering unsuitable; and
 - (B) produces a legible copy of the medical certificate, or other documentation, if requested to do so by a person in authority; or
 - (iv) a person who –
 - (A) holds an exemption, or is a person within a class of persons specified in an exemption, from the requirements of paragraph (a) that is given by the Director of Public Health or his or her delegate; and
 - (B) produces a legible copy of the exemption if requested to do so by a person in authority; and
- (c) paragraph (a) does not apply to a person in the following circumstances if the person wears a fitted face covering as soon as is practicable after the relevant circumstances end:
 - (i) the person removes the fitted face covering to communicate with a person who is deaf, or has impaired hearing, and visibility of the mouth is essential for the communication;
 - (ii) the wearing of the fitted face covering would create a risk to the health or safety of the person;
 - (iii) the person removes the fitted face covering to enable clear enunciation, or visibility of the mouth, as part of his or her employment or training;
 - (iv) the person is orally consuming food, drink or medicine;
 - (v) the person is undergoing medical care, or treatment, that is unable to be provided while the person wears a fitted face covering;
 - (vi) the person is requested to remove the fitted face covering, by a person in authority, to ascertain or confirm the identity of the person;
 - (vii) the person may lawfully remove, or is lawfully required to remove, the fitted face covering;

- (viii) an emergency where it is not practicable or safe to wear the fitted face covering;
- (ix) the person is working or studying in an indoor or outdoor space where there are no other persons present;
- (x) such other circumstances that are specified in an exemption, from the requirements of paragraph (a), that is given by the Director of Public Health or his or her delegate; and
- (d) a person required to wear a fitted face covering under paragraph (a), other than a person to whom paragraph (b) applies, must carry a fitted face covering while he or she remains on the premises of a hospital; and
- (e) in this direction –
 - (i) **fitted face covering** means a covering, other than a shield, that fits securely around the face and is designed, or made, to be worn over the nose and mouth to provide protection against infection; and
 - (ii) **hospital** includes the following, within the meaning of the *Health Service Establishments Act 2006*:
 - (A) public hospitals;
 - (B) private hospitals;
 - (C) day-procedure centres; and
 - (iii) **operator**, of a hospital, means a person who owns, controls or operates the hospital; and
 - (iv) **patient**, at a hospital, means a person seeking medical care or treatment at the hospital who has been admitted to the hospital for that care or treatment; and
 - (v) **person in authority**, in relation to a hospital, includes –
 - (A) an authorised officer within the meaning of the Act; and
 - (B) an authorised officer within the meaning of the *Emergency Management Act 2006*; and
 - (C) a person nominated by the operator of the hospital as a person in authority for the purposes of this direction; and
- (f) the direction, made by me on 19 August 2021 and entitled *Masks at Hospitals – No.3*, is revoked.

MARK VEITCH
Director of Public Health

PUBLIC HEALTH ACT 1997

DIRECTION UNDER SECTION 16

(Residential Aged Care Facilities – No. 16)

I, MARK VEITCH, the Director of Public Health, in pursuance of section 16 of the *Public Health Act 1997* ("the Act"), in order to manage the threat to public health posed by the notifiable disease known as COVID-19 ("the disease"), direct that –

- (a) subject to paragraph (b), a person must not enter, or remain on, the premises of a residential aged care facility in Tasmania unless –
 - (i) the person is a resident of the residential aged care facility, including a resident for the purposes of respite; or

- (ii) the person is an employee or contractor of the residential aged care facility; or
- (iii) the person's presence at the premises is for the purposes of providing goods or services in respect of the residential aged care facility, whether the goods or services are provided for consideration or on a voluntary basis; or
- (iv) the person's presence at the premises is for the purposes of providing goods or services to a resident of the residential aged care facility, whether the goods or services are provided for consideration or on a voluntary basis; or
- (v) the person's presence at the premises is for the purposes of end of life support for a resident of the residential aged care facility; or
- (vi) the person's presence at the premises is for the purposes of a care and support visit to a resident of the residential aged care facility; or
- (vii) the person's presence at the premises is required for the purposes of emergency management or law enforcement; and
- (b) despite paragraph (a), a person referred to in paragraph (a)(ii), (iii), (iv), (v), (vi) or (vii) must not enter, or remain on, the premises of a residential aged care facility in Tasmania if –
 - (i) during the 14-day period immediately preceding the entry, the person arrived in Tasmania from a place outside of Tasmania that is a medium risk area or premises, or a high risk area or premises, as determined by the Director of Public Health or his or her delegate; or
 - (ii) during the 14-day period immediately preceding the entry, the person had known contact with a person who –
 - (A) has been diagnosed with the disease; or
 - (B) is reasonably suspected of having the disease; or
 - (iii) the person has one or more clinical symptoms of the disease; or
 - (iv) the person is required to be in isolation or quarantine, in respect of the disease, under the Act or the *Emergency Management Act 2006*; and
- (c) paragraph (b)(i), (ii) and (iv) does not apply in respect of a person if –
 - (i) the Director of Public Health, or his or her delegate, is satisfied that the person is entering, or remaining on, the premises of the residential aged care facility for the purpose of providing end of life support for a resident; and
 - (ii) the Director of Public Health, or his or her delegate, has authorised the person to enter, or remain on, those premises for those purposes; and
 - (iii) in addition to any other legal requirements under the Act, the person complies with any additional requirements imposed on the person by the Director of Public Health, or his or her delegate, to ensure the safety of the person, the staff of the residential aged care facility and the residents at the residential aged care facility; and
- (d) paragraph (b)(iii) does not apply in respect of a person if the person is entering, or remaining on, the premises of the residential aged care facility for the purpose of providing end of life support for a resident; and
- (e) paragraph (b) and (i) does not apply in respect of a person entering the premises of a residential aged care facility for the purposes of providing emergency medical treatment (including transport), emergency management or law enforcement services; and
- (f) paragraph (b)(ii) does not apply in respect of a person entering the premises of a residential aged care facility if –
 - (i) the known contact with another person, diagnosed with the disease or reasonably suspected of having the disease, occurred as part of the person's employment; and
 - (ii) the person was wearing PPE consistent with, or at the level required by, the National Guidelines for public health units developed by the Communicable Diseases Network Australia in respect of the disease; and
 - (iii) there was no breach to the PPE during that contact with the other person; and
- (g) the operator of a residential aged care facility in Tasmania must take all reasonable steps to ensure that a person does not enter, or remain on, the premises of the residential aged care facility if the person is prohibited from doing so under paragraph (a) or (b); and
- (h) for the avoidance of doubt, paragraphs (b) and (g) do not prevent a person who is a resident of a residential aged care facility from leaving, and returning to, the premises of the residential aged care facility; and
- (i) the operator of a residential aged care facility in Tasmania must ensure that all persons who enter, or remain on, the premises of the residential aged care facility have been screened, as directed by the Director of Public Health or his or her delegate from time to time, before the person so enters, or remains on, the premises; and
- (j) in this direction –
 - (i) **care and support visit**, in relation to a resident at a residential aged care facility, means a visit made to the resident, for the purposes of providing care and support to the resident, in one of the following locations:
 - (A) in the resident's room, outdoors or in a specific non-communal area, as designated by the residential aged care facility;
 - (B) in a specific communal area, as designated by the residential aged care facility, if each person in that area maintains, where practicable, a distance of not less than 1.5 metres between the person and each other person in the area; and
 - (ii) **clinical symptoms of the disease** means the following symptoms:
 - (A) a temperature of 37.5°C or more;
 - (B) night sweats;
 - (C) chills;
 - (D) coughing;
 - (E) shortness of breath;
 - (F) sore throat;
 - (G) loss of taste;
 - (H) loss of smell; and
 - (iii) **flexible care subsidy** has the same meaning as in the *Aged Care Act 1997* of the Commonwealth; and

- (iv) **operator**, of a residential aged care facility, means a person who owns, controls or operates the residential aged care facility; and
 - (v) **residential aged care facility** means a facility at which accommodation, and personal care or nursing care or both, are provided to a person in respect of whom a residential care subsidy or a flexible care subsidy is payable under the *Aged Care Act 1997* of the Commonwealth; and
 - (vi) **residential care subsidy** has the same meaning as in the *Aged Care Act 1997* of the Commonwealth; and
 - (k) the direction, given by me on 19 August 2021 and entitled *Residential Aged Care Facilities – No. 15*, is revoked.
- Dated this 26th day of August 2021

MARK VEITCH
Director of Public Health

PUBLIC HEALTH ACT 1997
DIRECTION UNDER SECTION 16

(Testing of workers at quarantine sites – No. 2)

I, MARK VEITCH, the Director of Public Health, in pursuance of section 16 of the *Public Health Act 1997* ("the Act"), in order to manage the threat to public health posed by the notifiable disease known as COVID-19 ("the disease"), direct that –

- (a) this direction applies to a person if the person was present on a quarantine site on or after the commencement of this direction; and
- (b) paragraph (a) does not apply to a person who has been present on the quarantine site if –
 - (i) the person –
 - (A) is only present on the site for the purposes of delivering goods to, or collecting goods from, the site or providing necessary cleaning or sanitation services in respect of the site; and
 - (B) while present on the site, does not have contact with a person who is in isolation or quarantine at the site; and
 - (C) is only present on the site for a total period of not more than 30 minutes in a 24-hour period; or
 - (ii) the person is present on the site to isolate, or quarantine, in respect of the disease; and
- (c) a person to whom this direction applies must, while this direction so applies to the person, undergo a saliva screening test on each day he or she is present on the relevant quarantine site for the person unless –
 - (i) the person has undergone a saliva screening test, or a nasal swab test, under this direction within the immediately preceding 12-hour period; or
 - (ii) on that day, there are no persons present on the site that are in isolation or quarantine in respect of the disease; or
 - (iii) the person is to undergo a nasal swab test on that day in accordance with paragraph (d); and
- (d) subject to paragraph (e), a person to whom this direction applies must, while this direction so applies to the person, undergo a nasal swab test –
 - (i) within the test period after the day on which the person was present on the relevant quarantine site for the person; and
 - (ii) within the test period after the day on which the person last underwent a nasal swab test; and
- (e) if, within the 14-day period immediately before the last day of the test period for a person to whom this direction applies, there were no persons in isolation or quarantine in respect of the disease present on each relevant quarantine site for the person, the person to whom this direction applies is not required to undergo a nasal swab test in accordance with paragraph (d); and
- (f) this direction ceases to apply to a person if –
 - (i) the person has not been present on a quarantine site for at least a 14-day period; and
 - (ii) the person has undergone a nasal swab test for the disease in accordance with paragraph (d) at least 12 days after he or she was last present on such a site; and
- (g) a person to whom this direction applies, or to whom this direction has applied, must provide, on the request of the Director of Public Health or his or her delegate, evidence to the satisfaction of the Director of Public Health, or his or her delegate, that the person has complied with this direction while it applied to the person; and
- (h) as a result of a test for the disease undertaken under this direction by a person to whom this direction applies, the Director of Public Health, or his or her delegate, may require the person to take the action that the Director of Public Health or his or her delegate considers appropriate in the circumstances and is specified in the requirement; and
- (i) the Director of Public Health, or his or her delegate, may exempt a person, or a specified class of persons, from all or part of this direction subject to such conditions as the Director of Public Health or his or her delegate considers appropriate in the circumstances; and
- (j) in this direction –
 - (i) **nasal swab test** means a nucleic acid test for the genetic material of SARS-CoV-2, that is –
 - (A) conducted on a swab taken from a nostril of a person; and
 - (B) conducted by a laboratory with the relevant accreditation, for nucleic acid testing, by the National Association of Testing Authorities; and

MARK VEITCH
Director of Public Health

PUBLIC HEALTH ACT 1997
DIRECTION UNDER SECTION 16
(*Quarantine – No. 5*)

I, MARK VEITCH, the Director of Public Health, in pursuance of section 16 of the *Public Health Act 1997* ("the Act"), in order to manage the threat to public health posed by the notifiable disease known as COVID-19 ("the disease"), direct that –

- (a) an identified contact must, on being notified that he or she is a primary close contact –
 - (i) travel directly to a suitable place in respect of the primary close contact; and
 - (ii) undergo a test for the disease as soon as is practicable; and
 - (iii) remain, subject to paragraphs (d) and (h), in quarantine at that place until the first of the following occurs:
 - (A) if the suitable place of the primary close contact is premises where there are no other identified contacts in quarantine or persons in isolation who are diagnosed with the disease, at least 14 days have passed since the primary close contact was last exposed, or was last suspected by the Director of Public Health or his or her delegate of being exposed, to the disease;

- (B) if the suitable place of the primary close contact is premises where another identified contact is also in quarantine or a person diagnosed with the disease is also in isolation –
 - (I) if there is no person in isolation at the premises who is diagnosed with the disease, until all identified contacts in quarantine at the premises are no longer required to quarantine in respect of the disease; or
 - (II) if there is a person in isolation at the premises who is diagnosed with the disease, at least 14 days have passed since each person at those premises who is diagnosed with the disease has been released from that isolation under the Act;
- (C) the Director of Public Health, or his or her delegate, has notified the primary close contact that he or she may exit quarantine in respect of the disease subject to such conditions as may be specified in the notification; and
- (b) an identified contact who has been notified that he or she is a casual contact must, on being notified that he or she is required to quarantine under this direction –
 - (i) travel directly to a suitable place in respect of the casual contact; and
 - (ii) remain, subject to paragraphs (d) and (h), in quarantine at that place until the first of the following occurs:
 - (A) if the suitable place of the casual contact is premises where there are no other identified contacts in quarantine or persons in isolation who are diagnosed with the disease, at least 14 days have passed since the casual contact was last exposed, or was last suspected by the Director of Public Health or his or her delegate of being exposed, to the disease;
 - (B) if the suitable place of the casual contact is premises where another identified contact is also in quarantine or a person diagnosed with the disease is also in isolation –
 - (I) if there is no person in isolation at the premises who is diagnosed with the disease, until all identified contacts in quarantine at the premises are no longer required to quarantine in respect of the disease; or
 - (II) if there is a person in isolation at the premises who is diagnosed with the disease, at least 14 days have passed since each person at those premises who is diagnosed with the disease has been released from that isolation under the Act;
 - (C) the Director of Public Health, or his or her delegate, has requested the casual contact undergo a test for the disease, the result of the test is that the casual contact is negative for the disease and the Director of Public Health, or his or her delegate, has notified the casual contact that he or she may exit quarantine in respect of the disease;

- (D) the Director of Public Health, or his or her delegate, has notified the casual contact that he or she may exit quarantine in respect of the disease subject to such conditions as may be specified in the notification; and
- (c) an identified contact must, on being notified that he or she is a secondary close contact –
 - (i) travel directly to a suitable place in respect of the secondary close contact; and
 - (ii) remain, subject to paragraphs (d) and (h), in quarantine at that place until the first of the following occurs:
 - (A) if the suitable place of the secondary close contact is premises where there are no other identified contacts in quarantine or persons diagnosed with the disease who are in isolation, at least 14 days have passed since the secondary close contact was last exposed, or was last suspected by the Director of Public Health or his or her delegate of being exposed, to the disease;
 - (B) if the suitable place of the secondary close contact is premises where another identified contact is also in quarantine or a person diagnosed with the disease is also in isolation –
 - (I) if there is no person in isolation at the premises who is diagnosed with the disease, until all identified contacts in quarantine at the premises are no longer required to quarantine in respect of the disease; or
 - (II) if there is a person in isolation at the premises who is diagnosed with the disease, at least 14 days have passed since each person at those premises who is diagnosed with the disease has been released from that isolation under the Act;
 - (C) the Director of Public Health, or his or her delegate, has requested the secondary close contact undergo a test for the disease and the result of the test is that the secondary close contact is negative for the disease;
 - (D) the Director of Public Health, or his or her delegate, has notified the secondary close contact that he or she may exit quarantine in respect of the disease subject to such conditions as may be specified in the notification; and
- (d) an identified contact must remain at a suitable place while he or she is required to quarantine under this direction unless –
 - (i) the identified contact is travelling directly to, or from, another suitable place; or
 - (ii) the identified contact is travelling directly to, or from, a location where he or she is undertaking a test for the disease as required under this direction; or
 - (iii) there is an emergency that requires the identified contact to leave the suitable place to protect his or her personal safety, or the safety of another, and the identified contact immediately returns to a suitable place as soon as the emergency has passed; and
- (e) an identified contact who leaves a suitable place before he or she exits quarantine must wear a fitted face covering that fits securely around the face and is designed, or made, to be worn over the nose and mouth to provide protection against infection –
 - (i) unless –
 - (A) the person has left the suitable place due to an emergency in accordance with paragraph (d)(iii); and

MARK VEITCH
Director of Public Health

PUBLIC HEALTH ACT 1997

REVOCATION OF DIRECTION UNDER SECTION 16

(Revocation of Testing of arrivals from New Zealand – No. 1)

I, MARK VEITCH, the Director of Public Health, in pursuance of section 16 of the *Public Health Act 1997* direct that –

- (a) the direction given by me, on 12 August 2021 and entitled *Testing of arrivals from New Zealand – No. 1*, is revoked; and
- (b) the revocation of that direction takes effect on 2 September 2021.

Dated this 31st day of August 2021

MARK VEITCH
Director of Public Health

PUBLIC HEALTH ACT 1997

DIRECTION UNDER SECTION 16

(Testing of workers at quarantine sites – No. 3)

I, MARK VEITCH, the Director of Public Health, in pursuance of section 16 of the *Public Health Act 1997* ("the Act"), in order to manage the threat to public health posed by the notifiable disease known as COVID-19 ("the disease"), direct that –

- (a) this direction applies to a person if the person was present on a quarantine site on or after the commencement of this direction; and
- (b) paragraph (a) does not apply to a person who has been present on the quarantine site if –
 - (i) the person –
 - (A) is only present on the site for the purposes of delivering goods to, or collecting goods from, the site or providing necessary cleaning or sanitation services in respect of the site; and
 - (B) while present on the site, does not have contact with a person who is in isolation or quarantine at the site; and
 - (C) is only present on the site for a total period of not more than 30 minutes in a 24-hour period; or
 - (ii) the person is present on the site to isolate, or quarantine, in respect of the disease; and
- (c) a person to whom this direction applies must, while this direction so applies to the person, undergo a saliva screening test on each day he or she is present on the relevant quarantine site for the person unless –
 - (i) the person has undergone a saliva screening test, or a nasal swab test, under this direction within the immediately preceding 12-hour period; or
 - (ii) on that day, there are no persons present on the site that are in isolation or quarantine in respect of the disease; or
 - (iii) the person is to undergo a nasal swab test on that day in accordance with paragraph (d); and
- (d) subject to paragraph (e), a person to whom this direction applies must, while this direction so applies to the person, undergo a nasal swab test –
 - (i) within the test period after the day on which the person was present on the relevant quarantine site for the person; and
 - (ii) within the test period after the day on which the person last underwent a nasal swab test; and

- (e) if, within the 14-day period immediately before the last day of the test period for a person to whom this direction applies, there were no persons in isolation or quarantine in respect of the disease present on each relevant quarantine site for the person, the person to whom this direction applies is not required to undergo a nasal swab test in accordance with paragraph (d); and
- (f) this direction ceases to apply to a person if –
 - (i) the person has not been present on a quarantine site for at least a 14-day period; and
 - (ii) the person has undergone a nasal swab test for the disease in accordance with paragraph (d) at least 12 days after he or she was last present on such a site; and
- (g) a person to whom this direction applies, or to whom this direction has applied, must provide, on the request of the Director of Public Health or his or her delegate, evidence to the satisfaction of the Director of Public Health, or his or her delegate, that the person has complied with this direction while it applied to the person; and
- (h) as a result of a test for the disease undertaken under this direction by a person to whom this direction applies, the Director of Public Health, or his or her delegate, may require the person to take the action that the Director of Public Health or his or her delegate considers appropriate in the circumstances and is specified in the requirement; and
- (i) the Director of Public Health, or his or her delegate, may exempt a person, or a specified class of persons, from all or part of this direction subject to such conditions as the Director of Public Health or his or her delegate considers appropriate in the circumstances; and
- (j) in this direction –
 - (i) **nasal swab test** means a nucleic acid test for the genetic material of SARS-CoV-2, that is –
 - (A) conducted on a swab taken from a nostril of a person; and
 - (B) conducted by a laboratory with the relevant accreditation, for nucleic acid testing, by the National Association of Testing Authorities; and
 - (ii) **premises** has the same meaning as in the Act; and
 - (iii) **quarantine site** means the following premises:
 - (A) the premises situated at 156 Bathurst Street, Hobart that is being operated under the name “Best Western Hobart”;
 - (B) the premises situated at 1 Holyman Avenue, Cambridge that is being operated under the name “Travelodge Hotel Hobart Airport”;
 - (C) the premises situated at 167 Macquarie Street, Hobart that is being operated under the name “Travelodge Hotel Hobart”;

The top section of the advertisement features a large, stylized graphic of red and white triangles forming a larger triangular shape. On the left, the Acrodata logo is displayed, consisting of a red stylized 'A' followed by the word 'acrodata' in black. To the right, a man in a white polo shirt and dark trousers is standing and operating a large, black, floor-standing document scanner. The scanner has a control panel and a document being scanned. The background of the scanner area is a light grey wall with a poster that says 'document preparation'.

**Secure.
Trusted.
Accurate.**

When it comes to document management in Tasmania, Acrodata can scan, store, supply images and archive your most important documents like no other.

Our combined business group means your options are endless.

Proudly Tasmanian owned and operated since 2006, Acrodata is Tasmania's largest and most trusted document management specialist. Our facilities are TAHO accredited and operate to the highest security required by State and Federal Government for document management.

As part of the Fuji Xerox Business Centre Tasmania's suite of business solutions, we re-utilise existing office hardware, software and communications in organisations to create a Content Management capability that means isolated islands of information are now connected.

We've got you.
