## Energy Ombudsman

### ENERGY OMBUDSMAN ACT 1998

#### SECTION 39

PURSUANT to s 39 of the *Energy Ombudsman Act 1998* (the Act), I revoke all Guidelines previously made under that section, and substitute the following Guidelines

#### Guidelines Overview

These Guidelines have been prepared in accordance with s 39(1) of the Act, and relate to the processes to be followed in preparing a budget in respect of the costs of administering the Act.

The Guidelines are based on the principle expressed in s 39C(1) of the Act, that the costs of administering the budget are to be met by all energy entities in such proportions as are specified in the budget. The expression "energy entity" is defined in the Act to mean:

- an electricity entity within the meaning of the *Electricity Supply Industry Act 1995*; or
- a retailer within the meaning of the National Retail Law (Tasmania); or
- an exempt seller within the meaning of the National Energy Retail Law (Tasmania); or
- a person to whom, or a person who sells electricity to which, section 23 of the *National Energy Retail Law (Tasmania) Act 2012* applies;
- a gas entity within the meaning of the *Gas Act 2000*.

The apportionment of the budget is to be based on the payment of membership fees and complaint levies. Each entity is to pay a membership fee in accordance with Section 1 of these Guidelines, if demanded. The entity will also pay a complaint levy if one is payable in accordance with Section 2.

#### 1. The Membership Fee

Each entity is to pay a membership fee of \$10, if demanded.

#### 2. The Complaint Levy

The balance of the budget is to be apportioned between energy entities through the imposition of complaint levies.

The Ombudsman will calculate -

- the aggregate number of complaints and enquiries received by the Ombudsman under the *Energy Ombudsman Act* during the previous calendar year; and
- the percentage of that aggregate number which is attributable to complaints made against, or enquiries made in respect of, each of the energy entities.

Each entity is to pay a levy which represents the percentage of the balance of the budget which is equal to the percentage attributed to that entity in accordance with paragraph (b).

#### 3. Costs to be included in the Budget

The budget will include the estimated costs of administering the Act in the forthcoming financial year.

If the Ombudsman anticipates that, for good reason, the budget for the current financial year will be exceeded, the amount of the excess may be added to the budget which is in preparation.

If the Ombudsman anticipates spending less than the budget for the current financial year, the anticipated surplus will be credited to the energy entities in proportion to their contributions to that budget. The fact that a surplus is anticipated will also be taken into account in the preparation of the new budget.

Dated this 22nd day of April 2021.

RICHARD CONNOCK, Ombudsman
