Information

This Public Notice advises of the new management plan and its availability for the management of the Tasmanian Rock Lobster Fishery. The management plan is the legislative rules applying to the fishery and is the *Fisheries (Rock Lobster) Rules 2022*.

Gaming Control

GAMING CONTROL ACT 1993

MINISTERIAL DIRECTION

To: Tasmanian Liquor and Gaming Commission

Pursuant to section 127(6) of the *Gaming Control Act 1993 (Act)*, I hereby revoke the *Tasmanian Gaming Commission Ministerial Direction (No. 1) 2009*, and in substitution I give you the following Direction under section 127(1) of the Act.

15 September 2022

HON MICHAEL FERGUSON, MP
TREASURER

Title

This Direction may be cited as the *Tasmanian Liquor and Gaming Commission Ministerial Direction (No. 1) 2022*.

Commencement

This Direction takes effect on the day after the day on which notice of it is published in the *Tasmanian Government Gazette*.

Direction

Harm minimisation technology

The Tasmanian Liquor and Gaming Commission is to:

1. oversee the development and implementation of a state-wide player card gaming system with pre-commitment for electronic gaming machines in hotels, clubs and casinos; and
2. enforce the implementation of such a system through amendment to the Commission's Rules and other technical instruments.

The system is to be implemented pursuant to the Commission's Report: *Investigation of harm minimisation technologies: facial recognition and player card gaming*, with the following limit setting parameters:

Request to increase daily and monthly limits (within annual limit of \$5 000):

- players can increase the daily limit up to \$500 or the monthly limit up to \$5 000 (but remain within the annual default limit) by completing a simple request at the venue, that is to be provided to the Licensed Monitoring Operator by the venue; and
- the venue will continue to apply responsible service of gambling practices as part of processing the request.

Certification to further increase annual/monthly/daily limits:

- a requirement be imposed on players requesting an increase to either: the annual default loss limit; the daily limit above \$500; or the monthly limit above \$5 000, that they must produce certification to a standard set by the Commission confirming the player's capacity to spend the nominated amount;
- recertification be required every 12 months confirming that the player has capacity to spend the nominated amount;
- requests for further limit increases cannot occur prior to expiry of the relevant default period;
- the certification required by the Commission (including updated certification) is to be provided to the Licensed Monitoring Operator to initiate

the player's limit changes; and

- if updated certification is not provided, the player's account must automatically revert to the default limits.

In implementing the system, the Commission must:

- consult with the Licensed Monitoring Operator, the finance industry and venues;
- consult with the Licensed Monitoring Operator and the casino operators to achieve the integration of respective player card systems to enable the state-wide operation of pre-commitment and player card gaming functionality in all gaming venues; and
- review the limits and limit setting processes after 12 months of operation and provide a report to me on the same, including any recommendations for alterations or enhancements to the process.

Requirements under the Tasmanian Gaming Commission Ministerial Direction (No. 1) 2009

The Tasmanian Liquor and Gaming Commission is to:

3. continue to perform its notification function under section 94(2) of the *Gaming Control Act 1993* so as to stipulate that the required banking time, for a cheque drawn on an Australian bank, is five business days from the date on which the venue operator accepts the cheque;
4. maintain the existing Tasmanian *Responsible Conduct of Gambling* course, as approved by the Tasmanian Liquor and Gaming Commission, so as to continue to include training to assist special employees with problem gambler identification and the determination of an appropriate level of intervention as part of the course curriculum;
5. continue to exercise its powers and perform its functions under the *Gaming Control Act 1993* so as to require of each casino licence and licensed premises gaming licence holder that, whenever a gaming area is in operation at least one special employee who is on duty in that gaming area must have completed the training referred to in section 4;
6. instigate an amendment to the Tasmanian Appendix to the *Australian and New Zealand Gaming Machine National Standard* to:
 - a. permit a maximum limit of 50 possible lines (standard T3.5); and
7. maintain the following elements of the Tasmanian Appendix to the *Australian and New Zealand Gaming Machine National Standard* to:
 - a. limit the maximum bet limit to \$5 per spin in all gaming venues (standard T3.6); and
 - b. limit the maximum cash input limit for banknote acceptors used in gaming machines in Tasmanian casinos to \$500 (standard T2.7).

Unless the contrary intention appears, the actions specified in this section of the Direction are to be taken as soon as practicable after this direction takes effect.

Specialist Digitisation Services

Storage, access to and management of large documents like plans and engineering drawings is an incredibly difficult task. When your plans and drawings are on paper or aperture cards it is a nightmare to retrieve, view, print, forward or distribute.

The future has landed! Acrodata and our unique Store and Digitise on Demand service means you can have any plan or drawing available when you want it. Acrodata will store, manage, digitise and retrieve plans, drawings and aperture cards, in the time you request.

- Brand new technology producing image quality previously not possible
- Digitise and/or Retrieve for less than the cost of a reproduction.
- Full digitisation of collections with a fixed completion date
- Any plan or drawing delivered to you as a digital image immediately on request

Manage the risk of redundant technology limiting your access to vital information.

Digitise your past to protect your future now.

acrodata

**Secure.
Trusted.
Accurate.**

When it comes to document management in Tasmania, Acrodata can scan, store, supply images and archive your most important documents like no other.

Our combined business group means your options are endless.

Proudly Tasmanian owned and operated since 2006, Acrodata is Tasmania's largest and most trusted document management specialist. Our facilities are TAHO accredited and operate to the highest security required by State and Federal Government for document management.

As part of the Fuji Xerox Business Centre Tasmania's suite of business solutions, we re-utilise existing office hardware, software and communications in organisations to create a Content Management capability that means isolated islands of information are now connected.

We've got you.

Advertise in the TASMANIAN GOVERNMENT GAZETTE

If you want to communicate your business' products and services to government agencies, there is no better way than advertising in the weekly Government Gazette.

Not only delivered in hard copy format, the gazette is also fully digital, and compatible across phone, tablet and computer platforms. Full colour and the ability to embed hyperlinks to your website makes the digital gazette a powerful advertising tool.
