#### A. Interpretation

For the purposes of this exemption:

*ride-sourcing vehicle* means a light vehicle, as defined in the *Vehicle and Traffic Act 1999*, that is used, by a person in whose name the vehicle is registered in Tasmania, to carry on journeys passengers who —

- arrange, only by means of ride-sourcing software, to be so carried; and
- provide to the person financial consideration for such journeys only by means of a system for electronic transfer of funds that is provided as part of that software.

*ride-sourcing software* means a computer software system that enables all of the following: —

- requests, for passengers to be carried on journeys in light vehicles, to be received; and
- such requests to be communicated to, and accepted by, drivers of light vehicles; and
- such passengers to provide to such drivers financial consideration, for carriage on such journeys, only by way of the electronic transfer of funds by a system that is provided; and
- identification of, and recording of the details of, such drivers and vehicles and the origin, destination and duration of such journeys; and
- satisfaction rating services to be provided - only by means of the software.

For the purposes of this exemption, ride-sourcing software enables satisfaction rating services to be provided only by means of the software if the software enables all of following: —

- (a) a person who has been, pursuant to a request communicated by the software to a driver, carried on a journey in a light vehicle driven by the driver, to record by means of the software the person's degree of satisfaction in relation to the driver and the journey; and
- (b) automatic aggregation of such records in relation to such drivers and such journeys; and
- (c) a rating, of a driver, derived from such records to be able to be made available to a person whose request to be carried on a journey in a light vehicle is accepted by the driver.

#### B. Class of persons to whom this exemption applies

For the purpose of this exemption, the class of persons to whom this exemption applies are those registered operators of a ride-sourcing vehicle who:

- (a) have informed the Registrar of Motor Vehicles ("the Registrar") appointed or employed under section 5 of the *Vehicle and Traffic Act 1999*, in writing and in a form as determined by the Registrar, and accompanied by any information, evidence or declaration requested by the Registrar, that the person intends to operate a ride-sourcing vehicle; and
