Living Marine Resources

LIVING MARINE RESOURCES MANAGEMENT ACT 1995

FISHERIES (BIOSECURITY) ORDER 2024

Pursuant to the powers under section 270 of the *Living Marine Resources Management Act 1995* ("the Act") that were delegated to the General Manager (Marine Resources) (position number 702830) by the Minister acting pursuant to section 20(1) of the Act I make the following order:

1. Short title

This order may be cited as the *Fisheries (Biosecurity) Order 2024*.

2. Specification

This order is made –

- (a) in respect of the harmful disease *abalone viral ganglioneuritis*; and
- (b) to implement treatment and testing requirements designed to prevent the introduction of that disease into State waters.

3. Directions issued

- (1) That an abalone processor must, unless otherwise authorised, ensure that no abalone live-holding water is discharged into State waters from any holding premises used under the relevant licence unless that water has-
 - a) been treated using a system capable of achieving, on comparing water immediately prior to entering treatment with water immediately on leaving treatment, a minimum 3 log 10 reduction in total marine heterotrophic bacteria; and
 - b) achieved a discharge concentration value of $<3 \log 10$ (≤ 999 bacterial colony forming units per mL).
- (2) That an abalone processor must, in each of the testing periods-
 - a) cause a water sample to be taken by an agent of an approved service from each holding premises used under the relevant licence; and
 - b) cause the water sample to be tested by an approved laboratory for the discharge concentration value referred to in subclause (1)(b); and
 - c) submit the results of that testing to the Secretary.
- (3) That an abalone processor must allow access to any holding premises used under the relevant licence to any officer of the Department of Natural Resources and Environment Tasmania for the purposes of-
 - a) inspecting the abalone live-holding water treatment system;
 - b) inspecting any abalone held on the premises;
 - c) seizing any suspected diseased abalone for testing; and
 - d) taking a water sample for testing for the discharge concentration value referred to in subclause (1)(b).

4. Date of Effect

This order takes effect on 1 April 2024 and expires 12 months after that day.

5. Interpretation

In this order –

"abalone" means live fish of the genus *Haliotis*;

"abalone processor" means the holder of a fish processing licence that authorises the processing of abalone;

"approved laboratory" means a laboratory approved to conduct tests relevant to ascertaining performance related to the standards in subclauses 3(1)(a) and 3(1)(b);

"approved service" means a service approved to take samples to be provided for testing by an approved laboratory;

"Tasmania's biosecurity regions" means the regions specified in Part 1 and described in Part 2 of the Schedule to this order;

"holding premises" means premises used to hold abalone taken from outside the relevant biosecurity region for those premises;

"introduction" includes re-introduction;

"relevant biosecurity region", for premises, means, with reference to Tasmania's biosecurity regions, the biosecurity region adjacent to that part of the State's coastline where, or closest to where, those premises are situated;

"relevant licence", for an abalone processor, means the fish processing licence that authorises the abalone processor to process abalone;

"testing periods" means the following periods:

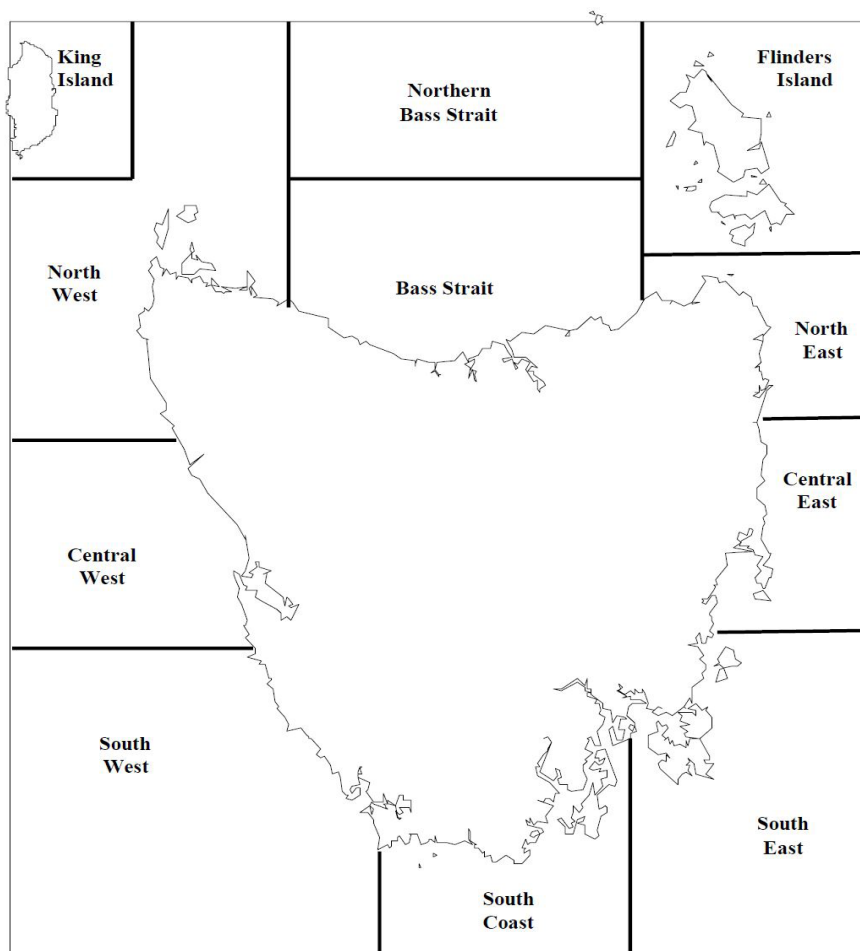

- a) October of each calendar year;
- b) the four week period commencing six weeks before each Chinese New Year.

All coordinates of latitude and longitude specified in this notice are to be determined by reference to the Geocentric Datum of Australia (also known as "the GDA" or "GDA94") as defined in the *Commonwealth Gazette* No. GN 35, 6 September 1995.

Dated this 16th day of February 2024

Marion March
Acting General Manager (Marine Resources)

Specialist Digitisation Services

Storage, access to and management of large documents like plans and engineering drawings is an incredibly difficult task. When your plans and drawings are on paper or aperture cards it is a nightmare to retrieve, view, print, forward or distribute.

The future has landed! Acrodata and our unique Store and Digitise on Demand service means you can have any plan or drawing available when you want it. Acrodata will store, manage, digitise and retrieve plans, drawings and aperture cards, in the time you request.

- Brand new technology producing image quality previously not possible
- Digitise and/or Retrieve for less than the cost of a reproduction.
- Full digitisation of collections with a fixed completion date
- Any plan or drawing delivered to you as a digital image immediately on request

Manage the risk of redundant technology limiting your access to vital information.

Digitise your past to protect your future now.

The top section of the advertisement features a large, curved banner. On the left, the Acrodata logo is displayed, consisting of a stylized red and black 'A' followed by the word 'acrodata' in a sans-serif font. To the right of the logo, a man in a white polo shirt and dark trousers is standing and operating a large, black document scanner. The background of the banner is a collage of red and white geometric shapes, including triangles and diamonds. A large, semi-transparent red rectangle is overlaid on the left side of the banner, containing the text 'Secure. Trusted. Accurate.' in white, bold, sans-serif font.

**Secure.
Trusted.
Accurate.**

When it comes to document management in Tasmania, Acrodata can scan, store, supply images and archive your most important documents like no other.

Our combined business group means your options are endless.

Proudly Tasmanian owned and operated since 2006, Acrodata is Tasmania's largest and most trusted document management specialist. Our facilities are TAHO accredited and operate to the highest security required by State and Federal Government for document management.

As part of the Fuji Xerox Business Centre Tasmania's suite of business solutions, we re-utilise existing office hardware, software and communications in organisations to create a Content Management capability that means isolated islands of information are now connected.

We've got you.
