Land Acquisition

**Land Acquisition Act 1993 (TAS)
Revocation of Notice of Acquisition
Section 22(1)**

By way of a Notice of Acquisition published in the Tasmanian Government Gazette on 13th of December 2023 and pursuant to the provisions of the *Land Acquisition Act 1993* (TAS), the land described in the Schedule hereto was taken for a Right of Way footway easement.

It is now necessary to revoke the Notice of Acquisition.

I, David Stewart, Chief Executive Officer, being the General Manager as appointed by the Kingborough Council ABN 44 094 485 626, pursuant to section 61 of the *Local Government Act 1993* (TAS) do hereby pursuant to section 22(1) of the said Act revoke the said Notice of Acquisition and the area described in the Schedule.

Schedule

A Right of Way footway easement over the land shown as Right of Way (Public) 5.00 Wide as shown on the Plan below, being part of the land comprised in Folio of the Register Volume 138737 Folio 1 (PID: 5773790) having John William Smith and Judith Carlene Smith as the registered proprietors.

Location - 1858 Channel Highway, Margate, TAS 7054

Water Management

*WATER MANAGEMENT ACT 1999
Section 11 Exemption Order*

TEMPORARY CHANGE TO HYDRO TASMANIA'S ENVIRONMENTAL RELEASE CONDITIONS FROM LAKE PARANGANA INTO THE MERSEY RIVER

I, Jane Howlett, being and as the Minister for Primary Industries and Water and the Minister administering the *Water Management Act 1999* ("the Act"), acting pursuant to section 11(4)(a) of the Act hereby revoke the exemption order granted on 15 June 2021 and, I hereby exempt the Hydro-Electric Corporation from the application of sections 116(3) and 123 of the Act in so far as they relate to compliance with clauses (a) and (c) in Schedule 3 of the Agreement for Special Licence Conditions between the Hydro-Electric Corporation and said Minister, dated 30 August 2018 and section 3.6 (Environmental flow release from Lake Parangana) of the *Mersey Water Management Plan (July 2005)*.

This exemption is subject to the following conditions:

- (a) Hydro Tasmania will release water from Lake Parangana that is no less than 160 ML/day.
- (b) Hydro Tasmania will be required to:
 - (i) maintain records that demonstrate the quantity of water released from Lake Parangana and provide them to the Department of Natural Resources and Environment Tasmania (NRE Tas) in the manner specified by the Minister; and
 - (ii) provide instantaneous flow records measured at Hydro Tasmania's Mersey at Liena stream flow gauging station to NRE Tas to allow for management of flows in the catchment over the trial period.
- (c) In the event of:
 - (i) a forced outage of the mini-hydro power station; or
 - (ii) planned maintenance on either the mini-hydro power station, the electricity transmission line connected to the mini-hydro power station, or any associated works;

that will affect downstream flows, the Licensee shall notify the Secretary (or his or her nominee) at the earliest opportunity.

This exemption ceases to be in force on 1 May 2026.

Minister for Primary Industries and Water

Dated this 15th day of April 2024.

Information

The purpose of this Order is to exempt Hydro Tasmania from a requirement in the Mersey Water Management Plan and clause (a) in Schedule 3 of its Special Water Licence Agreement to provide water from Lake Parangana so that the flow as measured in the Mersey River at Liena gauging station will exceed the lesser of either: 173 ML/day; or 8.25 times the flow measured at the Arm River above Mersey gauging station. It also exempts Hydro Tasmania from the requirement in clause (c) in Schedule 3 of its Special Water Licence Agreement regarding their reporting obligations for any force outages of the Parangana mini-hydro power station. The exemption is subject to conditions that are specified in the Exemption Order. The exemption is necessary to enable Hydro Tasmania and NRE Tas to trial a new flow release and determine if there is any financial, social or environmental risk associated with the proposed change to stakeholders in the Mersey River catchment.

Burial and Cremation

BURIAL AND CREMATION ACT 2019

NOTICE OF DECLARATION THAT LAND IS NOT A CEMETERY

(Section 73)

In accordance with section 73 of the *Burial and Cremation Act 2019* (the Act), I, Michael Mogridge, being the Regulator under the Act, declare that the land at Lot 1 on Plan 184783 (the 2.678ha denoted by Property ID 9039511) is not a cemetery for the purposes of the Act.

I make this declaration as in my opinion, despite that land containing human remains, the land:

- was, on the commencement of section 73 of the Act, being used for a purpose other than a cemetery, that purpose being for a school;
- had been used for that purpose for at least 50 years before the commencement of section 73 of the Act, that purpose being for a school; and
- is being used for a purpose which is not consistent with the use of the land as a cemetery, that purpose being for a school.

As provided by section 73(5)(b), I make this declaration subject to the following conditions which I consider appropriate. These conditions apply in perpetuity or until all human remains have been demonstratively exhumed from the land.

The conditions are:

1. Excavation works at the land after the date of this declaration, other than for areas where building foundations have been excavated and constructed since the land was sold for the purpose of a school (being the Hutchins School [the school]), be preceded by a survey by reasonable and appropriate means, such as a comprehensive review of historical documentation alongside ground penetrating radar, to locate probable human remains;
2. The term 'excavation works' is not intended to apply to minor disturbances to the land for the purposes of landscaping and similar activities, which were not anticipated to extend below the ground level at the time the land was sold for the purpose of a school. However, in the event that human remains are unearthed through disturbances to land other than excavation works, or due to natural events including extreme weather, then conditions 6 to 17 of this notice of declaration apply to those human remains;
3. Any survey undertaken prior to works be used to formulate a plan for exhumations with the advice of a qualified archaeologist;
4. The plan for exhumations should anticipate and provide for the discovery of artefacts, and consider their treatment in the context of personal and historical significance;
5. All human remains be exhumed in areas that will be disturbed by any future building or other works, prior to those works occurring;
6. Exhumations be supervised by a qualified archaeologist and if required, any other person stipulated by the Director of Public Health under their authorisation under section 30 of the Act;

7. Spatial notation be made of human remains removed at the site, and any identifying information recorded, on a plan of the land;
8. All human remains so removed are to be stored in appropriate, secure, and individual containers;
9. Human remains are not to be cremated unless the express consent of that person's descendants is obtained;
10. All human remains so removed are to be re-interred at a public cemetery in the Hobart municipal area, or if no such site can accommodate those remains, the closest practicable public cemetery, as soon as practicable after exhumations are completed;
11. For the avoidance of doubt, the re-interment of human remains in a shared vault or common plot is acceptable, provided remains are interred in individual containers, and with an identifier corresponding to the recorded position of each set of human remains in the plot or vault;
12. Following the completion of the excavation works, public notice be given, including the number and original street address of human remains, the names of persons identified, and their place(s) of re-interment, and the means by which records of the excavation and re-interment may be accessed by the public;
13. The school must maintain and make available the records of exhumations and re-interments in perpetuity, and a copy of these records be provided to the cemetery manager at the site(s) the human remains are re-interred;
14. Subject to agreement by the Hobart City Council:
 - a. a memorial plaque be installed at the place known as the Queenborough Memorial Garden on Peel Street;
 - b. the memorial plaque at the Queenborough Memorial Garden must provide sufficient information to persons to know the number and names (where known) of persons exhumed and their place(s) of re-interment; and
 - c. that plaque must be modified or replaced after each subsequent excavation leading to the exhumation and re-interment of human remains, laying out this information;
15. Subject to agreement of the relevant cemetery manager:
 - a. a further memorial plaque be installed at any cemetery where human remains are re-interred;
 - b. the plaque must provide sufficient information to persons to know the number and names (where known) of persons re-interred and their original place of burial;
 - c. should any subsequent re-interment of remains occur, the plaque must be modified, replaced or a new plaque installed to ensure that Condition 14(b) is satisfied for all re-interred remains;
16. That the school submit a report to the Department of Premier and Cabinet demonstrating its compliance with these conditions following the completion of any excavation works during which human remains are removed; and
17. That the school alone bear any expenses associated with its compliance with these conditions.

Advertise in the TASMANIAN GOVERNMENT GAZETTE

If you want to communicate your business' products and services to government agencies, there is no better way than advertising in the weekly Government Gazette.

Not only delivered in hard copy format, the gazette is also fully digital, and compatible across phone, tablet and computer platforms. Full colour and the ability to embed hyperlinks to your website makes the digital gazette a powerful advertising tool.
