Where the contract works includes alteration, additions or refurbishment of pre-existing buildings and structures (including contents), the contract works policy will be extended to include damage to the pre existing building and structures (including contents) for loss or damage arising from carrying out the works, for a sum insured adequate to cover this exposure.

#### “Sum Insured”

The policy of contract works will insure as a minimum, the value of the works with allowance for removal of debris and professional fees as described in clause C.2.2 of this Part.

#### C2 Liability to be Covered

C.2.1. The policy of Contract Works will indemnify the Insured against unforeseen physical loss of or damage to any Contract Works insured under a policy, from any cause (unless of a type excluded), occurring during the period of insurance at the Contract Site (or elsewhere including transit, if permitted by the individual policy) during the Construction Period, and any Maintenance Period.
