We can produce a document the whole world will want to see.

We can also make sure they don't.

No matter how good it looks, sometimes your publication contains information that you would prefer to keep under lock and key.

At Print Applied Technology, Tasmania's number one printer, that's just where we keep it.

How good is our security? Well, in 159 years of

printing the most sensitive government and business documents we've never had any leaks.

Your job will not be any different. So now you can sleep at night knowing your document is safe. Won't that make a world of difference!

Together we are making a difference.

Tips for a green office.

Reduce the amount of paper used

- Use scrap paper for notes
- Print two pages per A4 page, if you have duplex printing, print on both sides of the page
- Only print emails or documents when necessary

Ensure access to recycling services

- Place all used paper in paper recycling bin
- Collect cardboard boxes for recycling and place into your recycling bin
- Place your plastic bottles, aluminium cans, tin cans, milk and juice cartons in a separate recycling bin

Reduce energy consumption:

- Turn off office lighting when not in use
- Activate sleep mode on your computer to switch off the screen after ten minutes
- Switch off office equipment when leaving the office

Reducing waste

- Bring a mug to work and have some set aside for visitors
- Bring lunch from home or eat in a local café to avoid packaging waste generated by take away foods.
