### ROAD SAFETY (ALCOHOL AND DRUGS) ACT 1970

PURSUANT to section 3(1) of the *Road Safety (Alcohol and Drugs) Act 1970*, and with the approval of the Acting Secretary, Department of Police and Emergency Management, Mr Darren Hine, I appoint Andrew Griffiths as Supervising Analyst for the period 1 February 2010 to 26 March 2010.

### FEE UNITS ACT 1997

THE *Fee Units Act 1997* provides for automatic changes in Government fees and charges in accordance with movements in the Hobart Consumer Price Index (CPI). The Fee Units Act also provides for more adjustments to be made on the basis of factors other than movements in the CPI through a fee unit adjustment factor.

In accordance with section 5 of the Fee Units Act, the value of a fee unit is increased by the CPI increase and for 2010-11 will be \$1.36.

In accordance with section 5(4) of the Fee Units Act, I have determined the fee unit adjustment factor for 2010-11 to be zero.

In determining the value of the fee unit adjustment factor, it was considered that there were no special factors that would warrant the discounting of the increase in the value of a fee unit in 2010-11 below the CPI increase.

### Classification of a Major Hazard Facility

#### DANGEROUS SUBSTANCES (SAFE HANDLING) ACT 2005

IN ACCORDANCE with section 30(1) of the *Dangerous Substances (Safe Handling) Act 2005* (the Act), and under delegation from the Secretary of the Department of Justice, I, Roy Ormerod, General Manager of Workplace Standards Tasmania, following consultation with the occupier, classify each of the facilities listed below as a major hazard facility.

Occupier Trading As	Location	Geocentric Datum of Australia
Origin Energy Tasmania Pty Limited	Selfs Point	E 446791, N 5439971
Origin Energy Tasmania Pty Limited	Devonport	E 526673, N 5256048

I am satisfied that –

- dangerous substances are, or are likely to be, handled at each of the facilities in a greater than prescribed quantity; and
- a dangerous substances emergency at either of the facilities could pose a risk to persons, property or the environment outside the facility.

Therefore, all the requirements of the Act which apply to a major hazard facility and, in particular, Part 4, apply to the abovementioned facilities.

This classification takes effect from the seventeenth day of February 2010.
