- Neroli Ellis (elected by Defined Benefit Members).
- John Leonard Harman (elected by Accumulation Members).

Dated the twelfth day of May 2010.

JULIAN TYPE, Returning Officer.

Vehicle and Traffic

VEHICLE AND TRAFFIC ACT 1999

ANNUAL ADJUSTMENT FACTOR FOR THE FINANCIAL YEAR 2010-2011

I, LARA GIDDINGS, in accordance with clause 6 of Schedule 2 to the *Vehicle and Traffic Act 1999*, determine the annual adjustment factor for the financial year commencing on 1 July 2010 to be 4.2%.

The annual adjustment factor is used, in accordance with Schedule 2 to the *Vehicle and Traffic Act 1999*, in the calculation of the tax payable for a heavy vehicle.

The annual adjustment factor is based on the formula that is determined by the National Transport Commission, established under the *National Transport Commission Act 2003* of the Commonwealth, in respect of the financial year commencing on 1 July 2010 and reflects changes in the expenditure of State and local governments on roads and expected changes in road use by heavy vehicles.

Dated the fifth day of May 2010.

LARA GIDDINGS, MP,
Deputy Premier, Minister for Infrastructure.

Our conscience is crystal clear.

Together we can make a difference.

Print Applied Technology remains ever vigilant in reducing the impact of its operations on the environment, and environmental management within our production facilities is considered a critical aspect of our business.

Our investment in a world class 'Ecoclean' solvent recycling system from Europe has enabled us to recycle all our solvent liquids for reuse, instead of disposing of this material which is traditional industry practice. Waste paper is managed via extraction systems and a compaction unit, capturing and bundling all waste generated during the production cycle which is then collected for recycling, reducing landfill. Vegetable based inks are used where possible on our presses, and green office principles are employed.

Print Applied Technology now adds to these initiatives official certification by the Forest Stewardship Council

(FSC). FSC certification is the "Gold Standard" for eco forestry worldwide, and as a 'Chain of Custody' certificate holder we can now assure our valued customers that selected papers sourced for our operations are from responsibly managed forests.

The use of the highly guarded FSC trademark now also allows our customers to demonstrate their commitment to the growth of responsible forest management. Further to this, we can now share with you the knowledge that areas of natural wealth and endangered wildlife habitat are not being adversely affected as a consequence of our paper sourcing policy.

You too can help to protect our environment, by promoting and using FSC products.
