We can produce a document the whole world will want to see.

We can also make sure they don't.

No matter how good it looks, sometimes your publication contains information that you would prefer to keep under lock and key.

At Print Applied Technology, Tasmania's number one printer, that's just where we keep it.

How good is our security? Well, in 159 years of

printing the most sensitive government and business documents we've never had any leaks.

Your job will not be any different. So now you can sleep at night knowing your document is safe. Won't that make a world of difference!

Save time, money and your voice. Make sure there is only one cursor in your office!

What could be easier? Your next print job sent at the click of a mouse. Minutes later your documents are at the printers and you haven't even left your desk.

Now if only they could invent a computer that makes you coffee.

How about skipping the middle man altogether and ordering your printing online from your own catalogue? It's easy, it's flexible and it's fast.

No more chasing proofs or checking stock levels.

All your printing products can be available online, meaning others in your organisation will be able to place orders, enter variable data for items such as business cards, preview proofs and track the progress of their orders. What's more it's custom designed to suit your needs.

Call one of our sales representatives on 6233 3168 to discover why more people are using online ordering.

Now you have time to concentrate on more important things...like that coffee.

Our conscience is crystal clear.

Together we can make a difference.

Print Applied Technology remains ever vigilant in reducing the impact of its operations on the environment, and environmental management within our production facilities is considered a critical aspect of our business.

Our investment in a world class 'EcoClean' solvent recycling system from Europe has enabled us to recycle all our solvent liquids for reuse, instead of disposing of this material which is traditional industry practice. Waste paper is managed via extraction systems and a compaction unit, capturing and bundling all waste generated during the production cycle which is then collected for recycling, reducing landfill. Vegetable based inks are used where possible on our presses, and green office principles are employed.

Print Applied Technology now adds to these initiatives official certification by the Forest Stewardship Council

(FSC). FSC certification is the "Gold Standard" for eco forestry worldwide, and as a 'Chain of Custody' certificate holder we can now assure our valued customers that selected papers sourced for our operations are from responsibly managed forests.

The use of the highly guarded FSC trademark now also allows our customers to demonstrate their commitment to the growth of responsible forest management. Further to this, we can now share with you the knowledge that areas of natural wealth and endangered wildlife habitat are not being adversely affected as a consequence of our paper sourcing policy.

You too can help to protect our environment, by promoting and using FSC products.
