## Food

### FOOD ACT 2003

#### *Section 86(1) Notice*

#### REQUIREMENT TO REGISTER FOOD BUSINESS

I, DR ROSCOE TAYLOR, being and as Director of Public Health appointed pursuant to section 6 of the *Public Health Act 1997* and acting pursuant to section 86(1) of the *Food Act 2003* (the Act), hereby require the proprietor of a food business that handles or sells potentially hazardous food to register that business under the Act. Failure to comply with this requirement is an offence under section 86(2) of the Act.

In this notice –

**Potentially hazardous food** means food that has to be kept at certain temperatures to minimise the growth of any pathogenic micro-organisms that may be present in the food or to prevent the formation of toxins in the food.

**Food business** means a business, enterprise or activity that involves:

- (a) the handling of food intended for sale; or
- (b) the sale of food

regardless of whether the business, enterprise or activity concerned is of a commercial, charitable or community nature or whether it involves the handling or sale of food on one occasion only, and includes, but is not limited to, a:

- (i) restaurant, bakehouse or café;
- (ii) snack bar or takeaway;
- (iii) retail meat or fish shop;
- (iv) market stall or mobile food business;
- (v) community or delivered meals organisation;
- (vi) distributor, importer, packing or storage facility;
- (vii) manufacturer or processor;
- (viii) canteen or child care facility;
- (ix) hotel, motel or guesthouse; or
- (x) hospital, nursing home or prison.

but does not include a business, enterprise or activity that involves only:

- (xi) primary food production;
- (xii) food vending machines;
- (xiii) a vehicle used to transport food;
- (xiv) a vessel specified in a licence issued pursuant to the *Living Marine Resources Management Act 1995* from which fish is not sold direct to the public;
- (xv) activities where food preparation is taught unless the activity involves the handling of food intended for sale or the sale of food for human consumption;
- (xvi) food provided by a family day care educator

pursuant to the Education and Care Services National Law (Tasmania); or  
(xvii) the selling, packing, storing, transporting or distribution of pre-packaged food and/or unprocessed fruit, vegetables, grain or eggs;

nor does it include a business, enterprise or activity that:

(xviii) forms part of or is otherwise attached to licensed meat premises within the meaning of the *Meat Hygiene Act 1985*; or

(xix) forms part of or is otherwise attached to dairy premises within the meaning of the *Dairy Industry Act 1994*, except where the business, enterprise or activity also involves the handling or sale of food other than dairy products.

Also in this notice:

**Fish** means any aquatic organism of any species, whether dead or alive, which in the normal course of events, spends part or all of its life in the aquatic environment and is *food* as defined in section 5 of the Act, and includes, but is not limited to:

- (a) the eggs, spat, spawn, seeds, spores, larvae or other offspring of an aquatic organism;
- (b) a shell containing fish or any other part derived from an aquatic organism;
- (c) raw, cooked, dismembered, frozen, preserved, salted or otherwise processed fish; or
- (d) seagrass, seaweed and other aquatic vascular plants, algae, diatoms, euglenoids and any other marine plants

but does not include:

- (e) any aquatic mammal or aquatic bird; or
- (f) a whale as defined in the *Whales Protection Act 1988*

**Meat** means the edible part of any animal, including offal, whether manufactured or not, which is intended for human consumption.

**Mobile food business** means a food business that is conducted in a vehicle but does not include a vehicle used to transport food.

**Pre-packaged food** means food packaged for sale, sealed in a closed package that does not require temperature control to maintain the safety and suitability of the food.

**Primary food production** means the growing, raising, cultivation, picking, harvesting, collecting or catching of food, and includes:

- (a) the transportation or delivery of food on, from or between the premises on which it was grown, raised, cultivated, picked, harvested, collected or caught;
- (b) the packing, treating (for example washing) or storing of food on the premises on which it was grown, raised, cultivated, picked, harvested, collected or caught, or on premises that are associated with the premises on which the food was grown, raised, cultivated, picked, harvested, collected or caught;
- (c) the storage of food in a silo that is not connected with a processing operation and the transportation or delivery of food from, between or to such silos; or
- (d) the sale of livestock at saleyards and the transportation of livestock to and from saleyards.

**Shellfish** means all edible species of molluscan bivalves or univalves and includes, but is not limited to, oysters, clams, cockles, scallops, pipis, abalone and mussels.

Further, I hereby revoke all notices previously issued under section 86(1) of the Act.

Dated this first day of February, 2012.

DR ROSCOE TAYLOR, Director of Public Health.

## Save time, money and your voice. Make sure there is only one cursor in your office!

What could be easier? Your next print job sent at the click of a mouse. Minutes later your documents are at the printers and you haven't even left your desk.

Now if only they could invent a computer that makes you coffee.

How about skipping the middle man altogether and ordering your printing online from your own catalogue? It's easy, it's flexible and it's fast.

No more chasing proofs or checking stock levels.

All your printing products can be available online, meaning others in your organisation will be able to place orders, enter variable data for items such as business cards, preview proofs and track the progress of their orders. What's more it's custom designed to suit your needs.

Call one of our sales representatives on 6233 3168 to discover why more people are using online ordering.

Now you have time to concentrate on more important things...like that coffee.

# Our conscience is crystal clear.

## Together we can make a difference.

Print Applied Technology remains ever vigilant in reducing the impact of its operations on the environment, and environmental management within our production facilities is considered a critical aspect of our business.

Our investment in a world class 'EcoClean' solvent recycling system from Europe has enabled us to recycle all our solvent liquids for reuse, instead of disposing of this material which is traditional industry practice. Waste paper is managed via extraction systems and a compaction unit, capturing and bundling all waste generated during the production cycle which is then collected for recycling, reducing landfill. Vegetable based inks are used where possible on our presses, and green office principles are employed.

Print Applied Technology now adds to these initiatives official certification by the Forest Stewardship Council

(FSC). FSC certification is the "Gold Standard" for eco forestry worldwide, and as a 'Chain of Custody' certificate holder we can now assure our valued customers that selected papers sourced for our operations are from responsibly managed forests.

The use of the highly guarded FSC trademark now also allows our customers to demonstrate their commitment to the growth of responsible forest management. Further to this, we can now share with you the knowledge that areas of natural wealth and endangered wildlife habitat are not being adversely affected as a consequence of our paper sourcing policy.

You too can help to protect our environment, by promoting and using FSC products.
