- (c) any interest payable on the amount of those damages or costs.

<sup>4</sup> Section 4(1A) of the Act provides that a reference in the Act "to the amount payable under an insurance policy in respect of an occupational liability includes a reference to –

- (a) defence costs payable in respect of a claim, or notification that may lead to a claim (other than reimbursement of the defendant for the time spent in relation to the claim), but only if those costs are payable out of the one sum insured under the policy in respect of the occupational liability; and
- (b) the amount payable under or in relation to the policy by way of excess."

However, see also section 26A of the Act and its note, which has the effect that section 4 (1A) does not reduce the cap on the liability of the Participating Member to the client.

### INFORMATION

The closure of the squid fishery in State waters along the north coast of Tasmania is being refined. The squid fishery (including calamari and Gould's squid) will be subject to a spawning closure from 1 October 2018 to 31 October 2018 (inclusive).

The closure applies to both non-commercial and commercial fishers.

This closure is a precautionary measure aiming to restrain catch and limit disturbance during part of the peak spawning activity to help maintain calamari stocks into the future. The closure applies to all squid species for effective compliance purposes.

The revision to the closure that was published in *Gazette* No. 21 810 on Wednesday, 4 July 2018 is to accommodate some of the concerns raised by some fishers in relation to possession of squid for bait.

It is prohibited to take squid (including calamari and Gould's squid) in this area during the closure. Also, a person cannot possess squid for use as bait unless they can prove that the squid being used for bait were purchased from a commercial supplier or was taken by a commercial fisher in an open season and open area.

Squid jigs are not permitted to be attached to a line (hand line or rod and line).

Transiting the closed area in possession of squid taken outside the area is not permitted — with some exceptions as detailed in part 2(b)(i) of the notice.

See more details at the DPIPWE website ([www.fishing.tas.gov.au](http://www.fishing.tas.gov.au)). Please contact the Wild Fisheries Management Branch on (03) 6165 3044 if you require further information.
