Application for Caravan Licence

Occupation of a caravan – Information and advice

We understand that numerous ratepayers in Break O'Day use caravans on private lots for short-term stays or while constructing a home. This practice is integral to the community's culture, and we support it when appropriate.

The council acknowledges that caravans can sometimes create problems for neighbours. Concerns often raised include the devaluation of properties and the negative impact on visual aesthetics. Additionally, it may cause noise disturbances, especially with multiple caravans or extra guests. Poor management of wastewater and greywater can also have environmental consequences.

To minimise potential impacts, Council expects that:

- Your caravan and lot will be maintained in good order and at all times. There will be no waste or items stored externally that are visible from the street, and
- Your caravan will be positioned away from the street. When viewed from the street it must be partially screened by 1.5m high boundary fencing, landscaping or garden walls. Noting that a solid front boundary fence above 1.2m high requires a planning application;
